

**DEADLINE for required Biosecurity
Plans looms: 30th June 2017
ARE YOU READY ?**

A Farm Biosecurity Plan is required before 30th June 2017, which may affect your livestock trading due to changes in Johnes Disease management and assessment Australia wide.

These requirements may impact on your farming operations e.g. buying, selling and showing livestock.

Attend this information night to learn about the NEW J-BAS program (Johnes Beef Assurance Score) & what it means to you.

Learn what Biosecurity Plan is needed prior to 30th June 2017.

This evening is open for all livestock producers and their employees to attend.

Date: Monday 19th JUNE, 2017

Venue: Diggers Club, York Street, SINGLETON

7.00 pm Guest Speaker: Dr. Jane Bennett, Hunter Local Land Services Vet, Scone
